TEAM MEMBER: SEEMAN CHAKKARAVARTHY V – 917719D083

PROGRAM

```
import random
while(True):
    temp=random.randrange(0,100)
    humid=random.randrange(0,100)
    if (temp>90 or temp<80) and humid>70:
        print("...Danger!!!..")
```

The screenshot shows a code editor with a dark theme. On the left is a sidebar with icons for file explorer, search, and other tools. The main area is split into two panes. The left pane, titled 'main.py', contains the following Python code:

```
1 import random
2 while(True):
3     temp=random.randrange(0,100)
4     humid=random.randrange(0,100)
5     if (temp>90 or temp<80) and humid>70:
6         print("...Danger!!!")
```

The right pane, titled 'Shell', shows the output of the script, which is a continuous stream of the text "...Danger!!!".
